will be sorry if you miss it.

Being a neutral nation becomes more
of a distinction every day.

Will some one kindly bring us the
Central Record of Jan 7th 1915.

Our roads now have three dimensions
—length, breadth and depth, mostly
depth.

The Stork is no respecter of persons.
It has recently made a visit to the
White House.

All the Stanford pike needs to make
it a useful link in our great national
watering system is locks.

Renew your subscription next Mon-
day and take advantage of our combi-
nation offer on page three.

Lancaster is getting to be a great
picture show loving place and there is
no reason why two shows cannot do
well.

The idea of teaching every girl to
thump the piano, and every boy to be a
bookkeeper will make potatoes worth
\$8 a barrel in 20 years.

The Cadiz Record aptly observes that
if some of our merchants would spend
less time "cussin" the mail order houses
and more time in systematic advertis-
ing and encouraging the people to trade
with them there would be less cause to
complain of the interference of the mail
order houses.

"ZUDORA" the Girl of mystery
at the OPERA HOUSE, Friday Night.

OFFICE REMOVED.

Mr. H. Clay Kauffman has recently
moved his office over the Postoffice and
is now better prepared than ever to
look after the interests of his con-
stituents.

GARDEN SEED.

Senator Johnson N. Camden has sent
a number of packages of garden seed
to the Record office for distribution.
Any reader may have a package, as
long as they last, by calling at this of-
fice.

GRAND OPERA.

Quite a number will attend the Grand
Opera at Lexington next week from
here. You should phone Manager
Scott, of The Ben Ali theater and he
will see that good seats are reserved
for you.

BRINGS GOOD PRICES.

Mr. Ben Kelly Jr. raised a crop of
tobacco on the farm of Mr. C. S.
Ballew, that averaged at the Planters
House in Lexington last week the high
price of \$21 the hundred. This was
considered one of the best crops raised
in the county.

PARENT-TEACHERS MEETING.

The Parent-Teachers Club of the
Paint Lick school will meet Friday
afternoon at 2:30 o'clock in the high
school room at that place. This is a
new innovation for this popular school
and it is hoped that a full meeting will
be in attendance.

IT'S THE TRUTH.

Collier's Weekly remarks forcefully
and epigrammatically: "Booze and ma-
chinery will not mix, never have mixed,
and it is no use trying to make them
mix. Ask any coroner." We have
had a good many examples of the truth
of this assertion here in Kentucky
recently.

TIME LIMITED.

Read our combination offers on page
three of this issue. These offers are
limited and will only be run a short
time. Here is a rare opportunity at
small cost to supply your family with
good reading matter for a year. Too
much is going on in the world not to
keep in touch with it.

CARRIER

Mrs. Nannie Carrier died at the home
of her mother, Mrs. Jim Simpson, last
Saturday morning, of acute Bright's
disease. Mrs. Carrier had been sick
about six months and leaves three
children, the youngest being only three
weeks old. Her remains were taken
to Buckeye where they were buried
last Sunday morning.

ONE ON OUR JAILOR.

Susie George, alias "Quink", well
known in police circles and society
circles on the "chute" put one over on
Uncle Dave when she escaped her jail
sentence. "Quink" had been placed in
jail to await the action of the grand
jury for forging three checks on Mrs.
Webb Rainey. Last Friday morning
she dressed a dummy and placed it in
bed and when the door was opened she
walked out from behind it, boarded the
train and departed for parts unknown.

ALL THEY CAN HANDLE.

From the way the tobacco is coming
into the Lancaster Tobacco Warehouse
one would think we had about three
loose leaf houses at this place. Messrs
Speith and Graw are getting about all
they can handle and they are paying
the prices that satisfies the customer.
It is not unusual to see twenty load-
ed wagons lined up in front of their
house waiting their turn to be unloaded.

GOOD MAN FOR PLACE.

A meeting of the mule and jack rais-
ers of Central Kentucky was held in
Danville Monday afternoon, there was
a large attendance and Hon. R. L.
Hubble, was endorsed for position of
Jack and Mule Department of the Pan-
American Exposition in San Francisco.
Mr. Hubble is well known in Garrard
as an experienced man in the jack and
mule business and here's hoping he
will land the place.

GOOD PICTURE SHOWS.

Both picture shows are running splen-
did serial pictures. The Lancaster
Opera House is putting on Zudora
which is proving as interesting as The
Million Dollar Mystery. Last Friday
night the house was packed.
The fourth episode of "The Master
Key" at the Rex drew a large and
enthusiastic crowd Tuesday night.
The managers of these opera houses
deserve great credit for the splendid
pictures they are giving the public.

W. C. T. U. MEETING.

At a large and enthusiastic meeting
of the W. C. T. U. held last Saturday.
Eld. F. M. Tindler stated that the ob-
ject of the meeting was to pray for the
amendment of the Constitution. Rev.
Beagle spoke of the Russian movement
in closing all saloons. Prof. Cancer
spoke of the total abstinence required
of athletes the world over. Mr. J. F.
Holtzclaw made a plea that we vote as
we pray and for the man. A circle
prayer was then offered in which a
number took part.

COMBINATION SALE.

Messrs. J. A. Jones and J. N. Ross
are planning for one of the largest com-
bination sale ever held in this county.
Already quite a number of stock have
been listed and the prospects for a
successful sale is very flattering. Any
one desiring to sell any stock, should
see one of these gentlemen at once.
The sale will be held rain or shine at
the stock pens of Mr. Ross, on Stan-
ford st. Saturday, January 13th begin-
ing at 10 o'clock.

PROUD OF HIS GAME.

The boy with his first pair of red top
boots, couldn't have been any prouder
than Will Embury was last Friday morn-
ing, while he was exhibiting six mal-
lard ducks that he had just killed, on
his farm near town. He very unself-
ishly gave them to the "circle girls",
who always have an eye for business
and are always ready to work for mis-
sions, so they were served to twelve
hungry men at fifty cents a plate. A
delightful menu was served at the hos-
pital home of Mrs. L. G. Davidson and
to say that the twelve did justice to
the ducks and all the side dishes, but
feebly expresses it.

HE KNOWS HOW.

Mr. R. E. Maupin, one of the best
salesmen that ever carried a grip, and
who can sell a Ford machine as easily
as he once sold a barrel of sugar, was
in our office the other day and renewed
his advertisement for that popular car.
He informs us that he sold 54 of these
cars during 1914, which is more than a
car a week for every week in the year.
One of the greatest sales ever made
of automobiles has just been contracted
for the Ford Motor Co to the Allied
Armies for war purposes, of 25,000
touring cars to be delivered on the
continent within sixty days. This
should help make easy the sale of
300,000 cars, the amount necessary for
the purchaser to participate in the
profits.

If Bob could find the prospects, he
could sell half of that amount himself.
SMALLPOX SPREADING.
The two words taken in conjunction
voice a reproach to any community.
What is preventable should be prevent-
ed and if not prevented, we are enti-
tled to ask, as well in the name of the
well citizens as in that of the sick—Who
is to blame?
It will not help matters in the least
to declare that they are a disgrace.
But it will help matters mightily to
have the Board of Health recognize
these conditions and, to the very best
of its ability, set about remedying them.
Good intentions are, anyway, a good
beginning.
From an economic standpoint, quite
as much as from one of hygiene, public
health is a public asset and good health
is worth more to a community than any
other single agency in it, of whatso-
ever character. Nothing that can be
done by intelligent, systematic effort,
well-directed, to clean up and to stamp
out, should be left undone.
Even tho this has been but imperfectly
perceived hitherto one may derive some
consolation from the knowledge that it
is never too late to mend.

SCOTT

Walter Scott, aged about 32 years
and a son of Mr. George Scott, of
Marksbury, died at the latter's home
last Sunday morning of tuberculosis.

A CHEERFUL GIVER.

"The Lord loveth a cheerful giver,"
and "It is more blessed to give than
to receive," are faithful sayings, and
worthy of all acceptations. Give where
your gift is needed, where it brings
joy and gladness, and your own heart
will swell with real pleasure. To lav-
ish gifts upon the rich, the strong, the
powerful, in the hope that you may re-
ceive in turn, is mean, groveling and
pitiful. Don't belittle yourself that
way. Give to these unfortunate men,
women and children of this war stricken
country, brighten their lives and the
brightness will come back into your
own heart by reflection.

Our cheerful givers for this week are:
Previously acknowledged \$ 13.50
Rex Theater 13.70
Mrs. A. C. Robinson 1.00
Mrs. Fannie Walker 1.00
Mr. S. B. Henry 1.00

A PROBABLE ISSUE

The only issue between the democra-
tic candidates for the gubernatorial
nomination up to this time seems to be
whether the democratic party should
stand for a fair trial of the County
Unit Law, or whether County Unit
should be abandoned for trial upon
State wide prohibition. The Hon. John
W. Newman declares in his platform
for State wide prohibition while it is
understood that Lieutenant Governor,
McDermott, Hon. Henry Bosworth, Dr.
H. H. Cherry, and Congressman, A. O.
Stanley stands for a fair trial of the
County Unit Law before an attempt
at State wide prohibition.

IMPORTANT TO THE FARMER.

The big public question this year
should be road improvement. As a
matter of fact, the road problem is far
more important to the farmer than any
political issue. The importance of good
roads is not disputed by any man in this
county at this season of the year and
the people generally are very desirous
of building them, but when the sunshine
gets in its work during the warm part
of the year and the roads get firm, we
hear no more the urgent cry of build-
ing and repairing the roads. We are
reminded of the old fellow that could not
cover his house while it was raining
and when it wasn't raining it didn't
need it.

RESURRECTED.

The Garrard County Medical Society,
after remaining quiescent several years,
was resurrected and reorganized at the
Kearney last Thursday night. The
meeting was interesting and harmonious
and was attended by Dr's. Amon,
Acton, Kinnaird, Elliott, Rose, Mont-
gomery, Gilbert and McWilliams. The
following officers were unanimously
elected, President, Dr. J. M. Acton,
Vice Pres, Dr. J. S. Gilbert, Sec'y
Dr. J. B. Kinnaird. Dr's. Amon,
Elliott and Kinnaird were appointed to
prepare a schedule of fees to be sub-
mitted at the next meeting, January
28th. It was the unanimous opinion
that the fees of the Doctors were not
commensurate with the high prices of
commodities, that the prices of the
necessaries of life had advanced to
such an extent, that their earnings
were not sufficient to meet expenses
and that instead of prospering all were
growing poorer. It was therefore de-
cided by a unanimous vote to prepare a
just and reasonable schedule of fees
which would not work a hardship upon
the people and at the same time benefit
the profession.

A plan will be proposed at the next
meeting whereby "dead beats" and im-
postors may be handled in such a way
as to make them remunerative patients.
Dr. Cain, of Somerset, Councilor for
this district, will probably attend the
next meeting.

NEW LOCAL ATTORNEY
FOR L & N RAILROAD

The law department of the L. & N.
Railroad Company selected Mr. J. E.
Robinson as local attorney, succeeding
Judge L. L. Walker, who resigned
after serving the Company about
eighteen years, except the time he was
Circuit Judge.

MOTHER'S INADEQUATE

REPLIES.

It is said that the average child's fa-
vorite word is still "why," which in-
dicates that, in spite of all gloomy
views, the infantile craving for knowl-
edge has not degenerated. And the
mother still makes the answer which
calls for the least reflection, but this,
of course, is where the need of a wider
spread of maternal information is cal-
led for. The modern child looks around
and sees things which it has always re-
membered, but which have come to the
mother among the unexpected "marvels
of the age." And even the most
anxious and willing parents may have
to think twice when the child who
wants to know asks "why" the tele-
phone talks, the aeroplane flies, the
submarine dives, the phonograph sings,
the typewriter prints and the electric
kettle boils itself.

FAMILY CARES

This Information May Be of Value To
Many a Mother in Lancaster.

When there is added to the many cares inseparable from the rearing of children that affliction of weakness of the kidneys and auxiliary organs, the mother's lot is far from a happy one. This condition has often been corrected by the use of Doan's Kidney Pills. When relief comes the mother's burden will be lighter and her home happier.

Mrs. H. G. Crutchfield, Stanford St., Lancaster, Ky., says: "My boy was greatly troubled by his back and kidneys. He did not have proper control over the kidney secretions, which caused no end of annoyance. The child also looked badly and I was considerably worried about his health. I heard of Doan's Kidney Pills and began giving them to him. He is now a great deal better."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Crutchfield recommends. Foster-Milburn Co., Props., Buffalo, N. Y.

HAVE YOU CATARRH?

It's a Dangerous Disease—Hyomei is the Effective Remedy.

Catarrh, which is indicated by sniffing, frequent colds and crusts in the nose is a serious disease and if not checked surely spreads to the delicate lining of the air passages, and frequently destroys the hearing.

To cure catarrh you must have something that will quickly reach the diseased tissues, kill the germs, and drive out the poison.

Hyomei is just such a remedy. Being a mixture of antiseptic oils that you breathe through a small inhaler its health-restoring medication cannot help going direct to the raw and inflamed lining of the nose and throat, quickly relieving that choked-up feeling, stopping the unpleasant discharges, and healing the sore spots—you breathe freely. Even the worst cases respond at once.

There is nothing for the treatment of catarrh that is easier, more pleasant or so satisfying as Hyomei. R. E. McRoberts sells it on the "No-cure-no-pay" plan.

TEATERSVILLE

Mrs. Conard Jones and little daughter are visiting her mother at Berea.

Mr. Jim Hume and son Walter are in Lexington this week with their tobacco.

Mr. and Mrs. Clay Hardin spent Sunday with his mother Mrs. Sara Hardin.

Mr. and Mrs. Floyd Ray will leave Friday to visit her cousin Miss Lottie Jones at Winchester.

Misses Lida and Ida Lane were the guests of Mr. and Mrs. Roy Prewitt Saturday night and Sunday.

Mr. Price Agee has returned home after spending several week with his grandparents in Marion county.

Master Carl Hume was very lucky this week in catching two hawks in his steel traps, one measured three feet nine inches, and the other, three feet seven inches.

Dangers of a Cold.

Do you know that of all the minor ailments colds are by far the most dangerous? It is not the colds themselves that you need to fear, but the serious diseases that they so often lead to. For that reason every cold should be gotten rid of with the least possible delay. To accomplish this you will find Chamberlain's Cough Remedy of great help to you. It loosens a cold, relieves the lungs, aids expectoration and enables the system to throw off the cold. For sale by all dealers. 1-m

STOMACH MISERY

Mi-o-na Will Quickly and Safely Rid You of Indigestion.

When your stomach is out of order your food lies like a lump of lead fermenting and surely causing that feeling of fullness, sour taste in the mouth coated tongue, biliousness, and many other warning signs of indigestion, which is often a dangerous ailment.

It is needless for you to suffer, for any druggist can supply you with Mi-o-na, a harmless and efficient remedy for all bad stomachs. These small tablets give almost immediate and joyful relief, while a few days' treatment strengthens and stimulates the digestive system. The flow of gastric juices is increased, then your food is properly digested; sour and gassy stomach, sick headaches, restless nights and other distressing symptoms quickly vanish.

If suffering any stomach distress do not wait—let Mi-o-na give you quick and lasting relief. R. E. McRoberts sells it with guarantee of money back if you are not satisfied.

Mr. and Mrs. Will Whitaker, and son T. and also Mr. Luther Raney spent Sunday with Mr. and Mrs. Mike Ray.

Oil Treatment for Stomach Troubles

A simple prescription made up of a combination of pure vegetable oils is producing wonderful results for sufferers from stomach, liver and intestinal troubles. The remedy, which is said to have originated in France, where it has been used for years by the peasantry, was introduced into this country by George H. Mayr, a leading Chicago druggist, who cured himself of severe stomach, liver and intestinal troubles by its use. Those who have used it say the first dose is sufficient to convince any one of its remarkable merit, and that within twenty-four hours the sufferer feels like a new person. This medicine, which has become known as Mayr's Wonderful Remedy, is sold by leading druggists everywhere with the positive understanding that your money will be refunded without question or quibble if ONE bottle fails to give you absolute satisfaction.

LEXINGTON TO HAVE SEASON OF GRAND OPERA AT BEN ALI

On Monday and Tuesday, January 25 and 26, Blue Grass music lovers are to hear the celebrated San Carlo Grand Opera Company at the Ben Ali theater in a repertoire of three of the world's musical masterworks. Tales of Hoffman, Faust and Carmen. One hundred people compose the noted organization and this great numerical strength embraces a superb singing chorus (Italian), and a complete grand opera orchestra of selected players under the direction of the eminent maestro, Chaveller Giuseppe Angelini.

The first row of seats nearest the stage on the orchestra floor will not be sold, owing to the size of the orchestral section of the company. Some twenty world famous opera stars will be brought to Lexington, and the opera will be sung by three different and distinct casts of leading artists. The notable of the organization are as follows: Sopranos: Mmes. Ester Adaberto (dramatic), Edvige Vaccari (coloratura) Marie Kaestner (dramatic), Anita Sadelmayer (lyric), Mezzo Sopranos: Mmes. Carolina Zawner, Annette Chabot, Anne Hesse, Tenors: Messrs. Giuseppe Agostina (dramatic); Salvatore Sciarretti (lyric); Alfredo Graziana (dramatic); Luciano Rossini (lyric). Baritone: Messrs. Alessandro Modesti, Angelo Antoin, L. Dellemolle, Basses: Natalie Cervi, Emilio Sesona.

Such great opera loving cities as Montreal, Cleveland, St. Louis, Cincinnati, Omaha, St. Paul and Louisville have heard the San Carlo stars this season, and the organization comes to Lexington well laden with high praise of the well-known critics. The operas will be staged upon a scale of metropolitan magnificence. The repertoire and dates follow:

Monday evening, Offenbach's charming Tales of Hoffman; matinee, Gounard's ever popular Faust; Tuesday evening, Bizet's Carmen.

The grand opera event will unquestionably prove the most notable musical affair in the city's history and be the means of bringing many hundreds of people to Lexington from neighboring cities. The Ben Ali theater management therefore will give special care and attention to out-of-town orders for seats.

SOUTH'S BIGGEST SHOW COMING OFF IN LOUISVILLE, FIRST WEEK IN FEBRUARY

MORE AUTOMOBILES TO BE SHOWN THAN EVER BEFORE—ARMORY TO BE DRESSED IN COTTON DECORATIONS.

Kentucky people will be proud to know that the biggest and best exposition of the automobile industry in the United States, outside of the two cities of Chicago and New York, will be held in Louisville beginning Monday morning, February 1, and closing at ten p. m. on Saturday night, February 6.

At the Louisville Automobile Show practically every new device and machine of consequence will be exhibited. All of the space has been taken for the main exhibits, and much of it for the smaller, but no less equally important exhibits or accessories, sundries, motorcycles and things that are related to the automobile industry.

Programs of interest by an orchestra of 29 pieces with soloists of note will give concerts every afternoon and evening.

That this is to be the South's biggest Automobile Show has been recognized by the Building Committee of the

Louisville Automobile Dealers Association, under whose auspices the show is given, by making the decorations of cotton, the South's greatest asset and the biggest money product under ordinary circumstances which the United States has. While it is true that in almost every part of the cotton growing section of this country efforts are now being made to reduce the cotton crop to such an extent that it will not reach a price below ten cents, it is also true that no matter how far this campaign goes, cotton will continue to be the market master of the Southern States which is the trade territory of Louisville.

As usual a great number of visitors from all over Kentucky, Indiana and adjoining States interested in the new and most striking and important developments in the automobile industry from every view point, will attend the exposition.

STATE AID IS NOW UP TO YOU

In the greater number of counties in Kentucky, the present
method of road building is the same as that which obtained in Eng-
land in the days of Queen Elizabeth. The result is that we have been
spending some \$2,000,000 a year for roads in Kentucky with no roads
to show for it.

"One hundred years ago, Kentucky put into operation the plan
of State aid. Seventy-five years ago that plan was discontinued.
But, in the interval practically all of the improved highways to which
the State can now lay claim were constructed. The counties that
got the lion's share were the counties of the Blue Grass.

"Kentucky has 10,000 miles of improved roads, but there are 89
pauper counties and 6, or more than one-half, without a single mile
of improved road. The counties that the State aided a hundred years
ago are found in neither column. They are and for seventy-five
years have been the richest in the State. Kentucky has just waked
up from a sleep of seventy-five years. The right of the State to grant
aid in the building of roads has been restored by Constitutional
Amendment. The granting of that aid is safeguarded by the condi-
tion that not a dollar of the State's money is to be paid out until the
roads constructed with State aid conform to the specifications drawn
up and laid down by the State Bureau of Good Roads. The local
magistrate and the contractor with a pull are to be no longer the
court of last resort.

"If the money raised for road building with State aid is not in-
telligently expended, the head of the State Bureau and his assistants
and the Governor who appoints them can be held responsible. For
the first time responsibility is to go with authority.

"The plan to construct a State-wide inter-county seat system of
highways, 6200 miles in extent, has received the official approval of
the General Assembly and the Governor and needs only concerted
action by the business men and counties to be carried into effect.
That system can be completed in fifteen years without Federal aid.
With Federal aid, which is sure to come, in half that time.

"When completed, it will make every one of the 120 county seats
in Kentucky the center of not less than four roads each forming an
integral part in the State-wide system and over that system will be
hailed 85 per cent of the road traffic of the State. It will add not less
than \$20 to the value of every acre that fronts it. It will increase the
value of every product of farm or mine. It will make for good
schools, good churches, good citizenship. It will substitute prosper-
ity for pauperism.

All that is needed to make actual these possibilities is that the
counties in Kentucky avail themselves of State aid. They can do
this by an issue of bonds as have Lewis and Carter, by popular sub-
scription as has Rockcastle, or by local taxation as have Jefferson,
Mercer and eight other counties. The county which fails to avail
itself of State aid will be contributing money for the building of
roads in other counties. There are only four counties in the State
that, under the State aid plan will pay out more money than they re-
ceive. They are Jefferson, Fayette, Campbell and Kenton. The law
was enacted to force the richer counties to help the poorer. There
is no county that the State does not stand ready to help provided
it will help itself. The State road tax of 5 cents on the \$100 has
to be paid whether the county builds roads or not. The county
that refuses to accept from the State one dollar in addition to
every one that it puts up, is not going to escape paying the gen-
eral tax. It is simply giving to other counties the money that
ought to be spent on its own roads. If the Fiscal Court of any coun-
ty fails to act, the intelligent citizenship and the commercial organi-
zations of that county should force it to act.

"The time is now. The opportunity is here. What is your coun-
ty going to do with it?"

Robert J. McBryde, Jr.

—President Kentucky Good Roads Association.

This is a picture of J. N. Mayfield, his mule team and freight wagon.
Mr. Mayfield makes a business of hauling merchandise from Somerset to
Acorn, Kentucky. The roads are now in such condition that it requires one
day to go from Acorn to Somerset, and one day to return from Somerset to
Acorn, and the condition of the road prevents him from hauling more than
1,000 pounds. Figuring the team at three dollars per day, the driver at one
dollar, and meals of the driver and keep of the team enroute and at Som-
erset over night, we find that the cost of hauling 1,000 pounds of mer-
chandise from Somerset to Acorn is one dollar per hundred pounds. On a
good road, such as Kentucky will have when the inter-county seat highway
system is completed, the same team of mules, or one as good, can make the
round trip in one day and reduce the cost of hauling merchandise from
Somerset to Acorn to ten cents on one hundred pounds.

BUYERS TO SHARE IN PROFITS LOWER PRICES ON FORD CARS

Effective from August 1, 1914 to August 1, 1915 and
guaranteed against any reduction during that time.

TOURING CAR	- \$490.
RUNABOUT	- \$440.
TOWN CAR	- \$690.

(In the United States of America only.)

Further, we will be able to obtain the maximum
efficiency in our factory production, and the mini-
mum cost in our purchasing and sales departments
if we can reach an output of 300,000 cars between
the above dates. And should we reach this pro-
duction, we agree to pay as the buyers share, from
\$40. to \$60. per car (on or about August 1, 1915) to
every retail buyer who purchases a new Ford car
between August 1, 1914 and August 1, 1915.

The Kentucky Illiteracy Commission held a meeting in its office in Frankfort, Thursday, January 7, 1915, at which all of the members were present. The members are as follows: Mrs. Cora Wilson Stewart, President, Dr. J. G. Crabbe of Richmond, Secretary-Treasurer, Hon. Barksdale Hamlett, Frankfort, Miss Ella Lewis, Leitchfield, and President H. H. Cherry, Bowling Green. The Commission passed a resolution thanking the Woman's Forward Movement for the funds raised by them for the Kentucky Illiteracy Commission, and acknowledging receipt of \$1,375 of same. The committee which was appointed by the Kentucky Illiteracy Commission last May to raise funds, but which deferred its work that the Woman's Forward Movement might wage the finance campaign, was authorized to now proceed with its work and to raise funds to supplement the amount raised by the women of the State. The Commission made plans for propaganda of the illiteracy movement thru the academies and colleges of the State thru illiteracy committees to be appointed in each of the schools. Bulletins giving the number of illiterates in each county represented in such schools will be placed on the walls, and other features to stimulate the interest of students. The plan of campaign of the Education Committee of the Federation of Women's Clubs was considered and approved. The traveling men's campaign, which is soon to be launched, is to be a very unique and interesting one. It is designed to penetrate the most remote sections as well as the small towns, and to carry the message that adults have learned with comparative ease, and at advanced stages in life. The traveling men will carry on their grips "No illiteracy in Kentucky in 1920" and "Everybody reads and writes in Kentucky 1920." They will tell stories which illustrate the disadvantages of illiteracy and the power and possibility of escaping from it by attendance at moonlight schools.

One hundred and twenty orators, men and women will be turned loose in the one hundred and twenty counties in the State this year in a speaking campaign on the subject of illiteracy. This is probably the finest array of talent that has ever been listed in any one effort, and includes only Kentuckians and former Kentuckians. It is composed of State officials, United States Senators and Congressmen, Judges of the Court of Appeals, Circuit Court Judges, prominent educators and other distinguished men and women.

Any person knowing of the existence of a contagious disease should report it at once to either the county or city health officer. The responsibility for the spread of many contagious diseases rests with people who are aware of the existence of such diseases and yet fail to give information to the proper officer whose duty it is to quarantine those affected and thereby prevent others from contracting the disease. In some cities

HON. A. O. STANLEY MAKES FORMAL ANNOUNCEMENT FOR DEMOCRATIC NOMINATION FOR GOVERNOR.

The hat of the Hon. A. O. Stanley is again in the political ring. When he recently sought the Senatorial nomination against Senator Beckham, his friends were fully aware of the hopeless task, notwithstanding his recognized ability as a campaigner for at that time Mr. Beckham was the most popular democrat in Kentucky. When he began that campaign for the Senate a large majority of the democrats of Kentucky only knew him by his brilliant work in Congress, but during his untiring efforts for the nomination he made personal friends and admirers of thousands of democrats, who were already pledged to his opponent and for that reason could not assist him in his ambition to be Senator. So far as we are advised in this locality every democrat who supported him for the Senate now want to see him Governor and a large majority of those democrats who lead Mr. Beckham's fight are his most out-spoken supporters for the gubernatorial nomination. It looks like that his nomination for Governor is a certainty. His character as a public official is too well known for extended comment. His work in Congress has been a continual untiring and successful effort in behalf of legislation looking to the benefit of the masses of the people. While we think he is better prepared for legislative work by reason of his experience, yet a man so well fitted for public life, courageous and progressive to the core, we see no reason why that if elected he should not make Kentucky a most acceptable Governor. His platform is characteristically plain, open and aggressive. His selection to lead the party in the State at this time is thought by many democrats to be a good political move for it is well understood that Hon. Elwin Morrow, known to be the ablest republican leader and platform orator in the state will be selected to lead the republicans in a determined assault upon the State and National Democratic Administration. The enemy will be practically united and our party will be put to the test in this oncoming fight.

The book of entries for this nomination, as we see it, is now made up and the candidates are all good democrats who have served the public well in the positions they now hold, but it is well recognized and conceded that Mr. Stanley is by far the ablest defender of his party's principles of any of the announced candidates, and with him as our party leader every democrat in Kentucky would be made to feel proud of the success of the Wilson Administration at Washington, and he could and would explode the sham pretenses and pleas made by the republicans for a return into power. He would be able to meet and vanquish the republican leader upon every stump in Kentucky. When the democrats of Kentucky look the field over we feel that they will conclude by a large majority he should be nominated for Governor and he will be the party's nominee after the August primary.

there is an ordinance requiring all persons to report at once the case of any contagious disease. Such a law should be enacted in every city and hamlet and if it is obeyed contagious diseases would soon be stamped out of a community. Control of epidemics is now a well-developed science. But so long as people living in a community make no effort to quarantine against diseases or know of contagion running around the streets and keep their mouths shut, just so long will epidemics exist.

The responsibility to make public the existence of cases of the kind rests just as much upon individuals as upon public officials, and a neglect to do so in either case is a failure to perform the duties of citizenship.

WILL CONTESTED.

The will of the late A. J. Cadell is being contested before Judge C. A. Arnold and has been occupying the attention of the court for several days. The contestants are represented by J. E. Robinson, while Judge L. L. Walker and Wm. Herndon are on the side of the propounders.

GOOD WORK BY SUPERVISORS

The Board of Supervisors appointed by Judge Arnold to equalize the taxable property of the County, has adjourned after doing some excellent work for the public. The Board did the unusual thing of lowering the assessed value of the property for a large number of the people of the County. This is an unusual thing, for which the Board should be commended. The work consisted in going over the values of the property and without considering the time of the transfer of any real estate raised those who were giving in their property too low and lowered those who were assessed too high, which occurred on account of the custom of requiring the assessment to be at the consideration paid for the property or eighty per cent of it, which has always been without any reason. While the Board could not completely equalize the assessment of the county it laid the foundation for future boards to work and we do not doubt that the property of the County is now more equally assessed than at any previous time. Upon the whole the assessed value of the property of the County was raised a few hundred thousands dollars over last year.

SCHOOL NOTES.

(By Wm. F. Miller.)

Miss Tinder's room entertained the school on last Friday morning.

Mr. H. V. Bastin visited the school Monday morning and gave us a talk.

Examinations for the mid-year are being held in various rooms this week.

Mrs. Joe E. Bryant was a welcome guest at our school Tuesday afternoon.

Misses Morris and Webb very charmingly entertained the faculty Friday evening.

The two new studies taken up this year, Domestic Science taught by Miss Robinson and Manual Training by Miss Morris are meeting with great success.

County Supt. Miss Higgins and Prof. Martin of E. Ky. State Normal were welcome guests at our school Friday afternoon and Mr. Martin gave us a nice talk.

Mrs. R. E. McRoberts, Mrs. F. M. Tinder, Mrs. Wm. Elliott, Mrs. Henry Moore, Mrs. W. R. Cook, Mrs. Emma Kauffman and grandson, Mrs. Woodie Burnside, and Messrs J. A. Beazley and Billy Swope visited our school Tuesday morning.

The Sophomore class prints a "daily newspaper" at the school with pen and ink each day. The name of it is "The Ginks Diary". Their motto is "Peace at any Price" and they will not publish any war news as they claim they are strictly neutral.

Last Tuesday morning the Boy Scouts, with Bro. Tinder as Scout master, entertained the school which was greatly enjoyed. They showed how and what to do in case a member should receive a broken bone; if one should be hurt so as to be unable to walk; and told what to do in case you came in contact with a live wire; if you should run upon a mad dog; in case of a fire and other things worth your while to know. The members of the Boy Scouts are all clean and refined boys. February 8th will be the fifth anniversary of the Scouts. A number of new boys will join at that time.

ANSWERS TO QUESTIONS.

I am young and matrimonially ambitious. What age lady do you think I should select as my wife?—J. M. McK. The tendency now is towards sobre styles and old girls. You should select a quiet, wise, settled lady of fifty. You will be happier with her than with some flighty young thing who is always darting about.

Will you publish a song I have written entitled "My Fall Suit"?—H. W. T. I will publish it, but if you mean autumnal tailoring, you will have to pay for it at advertising rates.

Is the quotation, "fools rush in where angels fear to tread" correct?—Member woman's club.

No, angels don't have to tread, they use their wings.

Does wealth bring happiness?—C. R. L. If I ever have a chance to try it I will decide and let you know.

What is meant by a versatile and valuable wife?—S. C.

One who can make a new hat for herself by twisting a feather into a different angle instead of paying ten dollars to have it done.

How can I keep milk from scouring?—F. B. M. Leave it in the cow.

Is mistletoe good for anything but to stand under?—S. H. A.

If gathered at this time of year and salted down, it will make splendid "greens" in the spring. Go ahead.

I am still suffering from loss of appetite and am thinking of buying a car. What make would you suggest?—H. W. A Ford.

Is marriage a failure?—Dr. B. No, not if you secure your wedding cards at this office.

When will the U. S. have another war?—H. C. S.

When some other nation thinks she can whip us.

Please tell me what Engenics means?—D. A. T.

It means that young persons will select each other as Luther Burbanks chooses best potatoes for crops.

Did Mr. Edison make the first talking machine?—Mrs. S.

No, the first one was made long before his time, out of a rib.

I have some Christmas presents I would like to exchange, how must I go about it?—Wm. M.

Try the Hubble exchange.

My practice has grown so large I find that close confinement is impairing my health could you suggest a remedy?—W. A. W.

Take about two trips a week to Stanford.

Will I be fined for exceeding the speed limit on my motorcycle?—C. Z.

Yes, but a certain young lady might intercede for you, in which case Judge Prather, might be more lenient with you.

What is intoxication and is it a good thing?—

Experts differ as to when a man is intoxicated. In Lancaster a man is intoxicated when he goes to Stanford. In Stanford a man seldom becomes intoxicated, but a great many drown in the effort. Yes it is a good thing because it furnishes so many vacancies in business, thus enabling sober young men to climb faster.

Why don't you write up entertainments like the city papers, I live in the country but take an interest in what the women wear?—Mrs. W. C.

The Rex Theatre gave the proceeds of a delightful picture show, last Thursday evening for the benefit of the war sufferers. It was a brilliant audience, representative of Lancaster society and the costumes and jewels of the women were beautiful. Mrs. J. Sheridan Thode was in box No. 60 wearing a black satin heavily jetted with pearls. Mrs. T. Forest Lake, wearing silver gray satin embellished with silver spangled net, a collar and pendant of diamonds, was in box No. 57. Mrs. O. Gingerbread Blackstone, wearing gold tissue finished at the corsage with gold fillet lace, was with Mrs. Lord O'Lord in box No. 50. Mrs. Lord wore a green chiffon embellished in pink satin and a bird of paradise in her hair.

GET ON THE HONOR ROLL.

Whenever we publish the names of pupils who have won distinction of getting on the honor roll we feel we are setting up in type the names of young Kentuckians who have resolved to get along in life by making themselves a little better than the average.

It means a good deal to get on the honor roll. The boy or girl who is frequently upon the honor roll in school is pretty likely to be found there in after life. Success in school means hard licks. Strike hard licks in business if you are a man, or in a profession or in housekeeping if you are a woman who marries, or in business or a profession if you are a woman who elects a career as a bread winner direct, and you will make good.

Genius has been described as an infinite capacity for hard work. Ask any great genius in letters, science or any other field of honorable endeavor and he will tell you that the way to get on is to work as if your day's work were the most important thing in life. Every hard day's work at school makes easier the many working days of adult life. And if you are going to be worth your salt you will find work to do in adulthood no matter whether you are rich or poor.

ATTORNEY AT LAW.

DANVILLE, KY.

Commonwealth's Attorney
Thirteenth Judicial District

January, 11th, 1915.

To the Democrats of the Thirteenth Circuit Court District.

Gentlemen:-

Two years ago you elected me to the office of Commonwealth's Attorney of this District to fill the part of the unexpired term of Judge Hardin, he having been elected to the office of Circuit Judge.

I am now a candidate for the full term, and respectfully solicit the support of each and every voter.

The men who have served on the Grand and Petit juries in this District in the two years past, will, I am sure, bear me witness that I have faithfully and with diligence discharged my duties.

I am asking you to elect me to the full term in the office I now hold. 1st: Because with increased experience and the knowledge I have of conditions in this district, I believe I am better qualified than ever before to render you efficient service. 2nd: Because I desire what every faithful servant who has preceded me in this office has received, without exception,—an endorsement of his work. Judge Hardin, whose unexpired term I was elected to fill, was re-elected to the office of Commonwealth's Attorney second time as an endorsement of his work. Judge John Sam Owley, who preceded Judge Hardin as Commonwealth's Attorney, was elected and re-elected, having held the office continuously ten years.

As I shall be continuously busy in Court for some time, and unable to devote time to my canvass, I will appreciate anything my friends may do in my behalf.

Again soliciting your support, I am,

Respectfully

THE PUBLIC SCHOOL.

The public school deserves more attention than is usually given them. Parents, as a rule, regard their entire duty in this connection discharged in paying their tax and properly clothing and sending their children to school. There is reason to fear that many look upon the school room as a nursery to relieve them of their troublesome children. The public schools cannot accomplish the full measure of their possibilities unless the parents join with teachers and directors in attention to pupils, and enforce regular attendance.

GOOD ONES.

Here are some good ones. Why not make them yours, and do your very best to live up to them during the entire year?

1. This year I shall steadfastly endeavor to be tolerant of the mistakes of others, as I hope they will be also tolerant of the mistakes I make.
2. This year I shall open the windows of my eyes and look at the world and my fellows, try to understand, try to sympathize and help as best I can.
3. This year I shall pay as I go, not only what I owe in money, but what is due from me in kindness and in love.
4. This year I want to be constantly reminded of the fact that as life is measured not by what we get out of the world, but by what we put into it, I should constantly, day by day, crowd more service into it.
5. This year may be my last on earth; hence I want to do all the good I can, to all the people I can, in every way I can.

This plan
Marks the spot!
But now
It's in the
One-eyed idol's eye.

FOR RENT FOR YEAR 1915.

Will rent the Red Brick house on Danville street, now occupied by Mr. Will Davis. For price and terms, write, Fisher Herring, Route No. 4, Crab Orchard, Ky.

PAY YOUR WATER RENT.

Some people are under the impression that if they pay their city taxes this will suffice, forgetting that the water rent is just as important, in fact, from this fund the water system of the city is supported and unless your water rent is paid the water will be cut off. There are some who have not yet paid their taxes and unless this is done your name will be advertised and property sold for taxes. Pay your taxes and water rent and save further embarrassment and costs. L. E. Herron, Marshall.

THE OLD DREAMER.

(By Madison Cawein)

Mrs. William Robinson Cook read this poem beautifully at the Woman's Club, since then we have had a number of requests for its publication.

Come, let's climb into our attic. In our house that's old and gray! Heart, you're poor and I'm rheumatic, And—it's close of day.

Lay aside your rags and tatters, Shirts and shoes, so soiled with clay! They're no use now. Nothing matters—It is close of day.

Let's to bed. It's cold. No fire, And no lamp to make a ray. Where's our servant, Young Desire?—Gone at close of day!

Off she served us with fine glances, Helped us out at work and play; She is gone now. Better chances. And—it's close of day.

Where is Hope, who flaunted scarlet? Hope, who led us oft astray? Has she proved herself a harlot At the close of day?

What's become of Dream and Vision? Friends we thought were here to stay; Has Life clapped the two in prison At the close of day?

They are gone; and how we miss them! They who made our garret gay; How we used to hug and kiss them!—But—'tis close of day.

Where's friend Love now?—Who supposes?—Has he flung himself away? Left us for a wreath of roses At the close of day?

And where's Song, the soul-elected?—Has he quit us too for aye? Was it poverty he suspected Near the close of day?

How our attic rang their laughter! How it echoed laugh and lay! None can take their place hereafter!—It is close of day.

We have done the best we could do; Come, let's kneel a while and pray. Now no matter what we would do, It is close of day.

Let's to bed then! It's December; Long enough since it was May! Let's forget it;—and remember Now 'tis close of day.

BRYANTSVILLE

The Bryantville school is in a flourishing condition, there are 70 pupils attending and others have applied for admittance. This school is an honor to the community. The board works harmoniously for the good of this institution and deserves the thanks of the community for their unselfish work but with such men as Messrs. Moss, Teator, Williams, Curtis and Swope nothing but success could be expected. Our teachers are well qualified. Prof. B. L. Sipple comes well recommended and with Miss Elizabeth Bryant, who is known so favorably, as assistant, success is assured.

One of the newest and probably one of the largest business enterprises in Garrard County is the R. N. Beazley and Brothers Tobacco Factory at this place. Mr. R. N. Beazley, who is well known to nearly every resident of this and adjoining counties, is probably one of the best tobacco men in the state. Having bought tobacco here in large quantities for years, naturally his experience and judgement will stand him in good stead in manufacturing a good, clean, high grade chewing tobacco. Mr. Beazley has changed his large warehouse into a factory by remodeling and many improvements, having fitted up a redrying room with other necessary additions. Mr. Beazley will be assisted by his brother Mr. Jesse Beazley, who also has had a great deal of experience in raising and handling tobacco in large quantities. They will, it is stated, give employment to fifteen or twenty experienced men who have always been connected with tobacco raising. The first among these are Major Holmes and Jim Shaw who will no doubt be foreman for the Beazley Bros. Their maiden brand to be put on the market will be "Gypsy Queen" a natural leaf chewing tobacco which will be made of the finest grade of leaf tobacco to be purchased. Mr. Beazley having been buying selected baskets on the Cincinnati, Lexington and Richmond brakes. Mr. Beazley's friends, who appreciate his experience, honesty, integrity and good judgement have already created a demand for "Gypsy Queen" and we hope the business will grow, as it deserves, into a large and prosperous plant.

To Our Friends, In Garrard County:--

Old Garrard, is always to the front in prices for her tobacco, we have given you notice of the crop lots of S. T. Hoover, at \$17.10, Zack Simpson & Son have sold two crop lots with us, at a general floor average of \$17.00 and \$18.00 per hundred pounds, Dave Long of Nina, came along a little later and sold a crop of 2320 pounds at the high water mark of \$21.50 the hundred, then to day we sold Prather & Oldfield, 2940 pounds that averaged them right close to \$18.00 per hundred.

ONE BASKET BROUGHT \$46.00 PER HUNDRED.

Two Big Baskets Brought \$25.00

All Garrard Tobacco commands attention with us, and they are usually out in front in the way of prices and they have led this market this year and incidentally have fixed prices for most of the State, to look at.

We are nearing the 3,000,000 mark and old Garrard has still to be headed in prices for some of her crop lots. The market today opened up a little slow but toward noon she regained all that she had lost and closed with us strong, in view of heavy selling. We have been crowded to the very door, but we are glad to say that prices have remained steady to strong with us, for the past ten days. Good Tobacco is selling just as high as it ever did with us.

We will once again thank you of Garrard County who have sold with us, and are glad that your tobacco has possibly sold for higher prices than any in the State. We always try to get the best prices for every seller, but feel always interested in a good Garrard crop.

We are very gratefully yours,

Tobacco Sells For \$35.00 Per Hundred at Danville House.

W. C. Weaver of Lincoln Co., receives this price for over 200 lbs.
J. P. Buise, Casey County, receives \$34.00 per Hundred for one Basket. Dozens of Baskets sell for \$20.

We have sold nearly one million pounds of tobacco in the past two weeks. With experienced floor men and expert book keepers, we have been able to handle this vast amount of business without a hitch.

It is admitted by everyone that Danville right now is the best market in the state, barring none, and the Danville Warehouse on Walnut Street, "Gets The Price." We have the best and most liberal buyers that could be gotten together anywhere, for the sellers, but with a force of experienced men, who have mastered every detail of grading and handling large quantities of tobacco, there has been little delay. It is really a pleasure for one to go to the Danville Tobacco Warehouse. It has been a mystery how President Bright and Allen Hieatt have avoided days of delay. Every employee has a cheery greeting for you. They cling to their motto, "Yours for Legitimate Business." Added to these is the silver-tongued auctioneer, Capt. R. E. Holland who does the rest. A POME.

Just a little powder,
Manipulated right,
Makes a little girlie
Look quite out of sight.
Just a little powder,
Even dynamite
Placed in the cannon
Blows things out of sight.
This little "pome" is tenderly in-
scribed to those who had several dollars
blown out of sight on the morning of
Dec. 25.

The Psalm Of The Suffraget.

Show me not, with scornful numbers,
You've too many voters now!
Woman, wakened from her slumbers,
Wants the ballot anyhow.

Like with Bill or life with Ernest
Is no more our destined goal,
Man thou art; to man thou turnest;
But we, too, demand the poll.

Heroines, prepare for battle!
Lend your efforts to the strife!
Drive all husbands forth like cattle:
Be a woman, not a wife!

Trust no man, however pleasant;
He'll agree to all you say,
Send you candy as a present—
Go and vote the other way.

Let us then be up and doing,
Don the trousers and the coat;
For our candidate pursuing
The elusive, nimble vote.

Do You Like Your Paper.

If so remit your subscription and get your neighbor to do the same thing. Send in the news to us and help us along. We aim to give you the best your money can buy. We need your help. We are for you and wish to see you succeed, when you succeed, we succeed. Call on us when in town we will be glad to see you.

Biliousness and Constipation Cured.

If you are ever troubled with biliousness or constipation you will be interested in the statement of R. F. Erwin, Peru, Ind. "A year ago last winter I had an attack of indigestion followed by biliousness and constipation. Seeing Chamberlain's Tablets so highly recommended, I bought a bottle of them and they helped me right away." For sale by all dealers.

Funny About Luck.

"You see some people have good luck and some people have bad luck," says an exchange. "Now once I was walking along the street with Tom Jellecks and he went down one side of it and I went down the other. We hadn't got more than half way when he found a pocketbook with \$216 in it, and I stepped on a woman's dress and got acquainted with my present wife. It was always so."

Cough Medicine for Children.

Never give a child a cough medicine that contains opium in any form. When opium is given other and more serious diseases may follow. Long experience has demonstrated that there is no better or safer medicine for coughs, colds and croup in children than Chamberlain's Cough Remedy. It is equally valuable for adults. Try it. It contains no opium or other harmful drug. For sale by all dealers.

A LOVE LETTER.

"Dear darling delinquent! Our precious subscriber in arrears! You are so shy! Do you think we have sold out and gone? No, little sugar-plum, we could not get away if we wanted to. We are still at the same old stand, dishing out the news and living upon smart promises and bright expectations. They make an excellent diet, darling, with your words of encouragement to serve as a desert, still we are growing weak upon this diet, dear turtle dove, and we long to hear your gentle footsteps in our office and we long to hear the ring of your beloved voice as well as the ring of your beloved dollar. Now, precious pet, come where a welcome awaits you. Come before I get too weak to embrace you. Fondly,
The Business Manager
who has not yet learned to manage business without money.

ONE BASKET BROUGHT \$46.

We wish again to call the attention of the Garrard County tobacco growers and the friends of the Madison House, to their letter. It seems that old Garrard, is well holding her own in prices up at Richmond, in fact she has led the market at the Madison House. Sam Prather and Oldfield sold on Monday with the floor crowded to the fullest capacity, a crop lot of nearly 2000 at the high prices of \$18.00 per hundred pounds, one basket brought \$46.00 and 2 big baskets \$25.00. We are always pleased to note the success of the Garrard grower, and pleased that our neighbor at Richmond, can furnish so good a market.

A RURAL CHURCH

INSTITUTE.

Kentucky is to have a Rural Church and Bible-school Institute. This will be held with the Providence, Jessamine County, Church, February 8 to 12. There is no more vital phase of our work at the present time than that which concerns the country church. Certainly Kentucky is prepared to understand this situation, for so many of our churches are in the country and small towns. We have a number that are making a great success in their fields; we have a number of others that are proving dismal failures.

It has seemed good to our State and National leaders to call together the preacher, the Bible-school Superintendent, the teacher, the elder, the deacon and the leader of every activity of the rural church to spend a week in talking over their common problems. We will have as specialists at this Institute, men and women of recognized ability in this important field.

Among them will be J. W. Street of Mackinaw Ill. Brother Street each year has charge of the Rural Church Department of Bethany Park Assembly in Indiana. He is recognized both in Illinois and Indiana as one of the best country church experts among our people. This will be his first trip to Kentucky but his presence will mean much to every country church leader who will be in attendance upon this meeting. With him there will be instructors in other lines of work, men who have made a conspicuous success in their local fields. Definite announcement of the program will appear later.

The Providence Church is itself one of the most successful country churches in all Kentucky. This hospitable congregation extends a hearty welcome to every country church worker who can plan to attend this important meeting. We are especially anxious to have the country church preacher, and all the leaders in the work should make their plans to be present, both men and women.

The meeting will be unique. F. M. Tinder, who is himself an expert along this line and knows the importance of this field, writes thus in a letter accepting a task upon the program: "I am very glad to learn you are to have a Rural Church Institute in the Providence Church. I am also glad to hear you are expecting Mr. Street of Illinois to be present. I am more deeply convinced of the possibilities and benefits derived from a consideration of the country church problem than any other line of work open to us." It is to be hoped that not less than one hundred of our country churches may be represented in this Rural Institute.

STANLEY ANNOUNCES.

Pledging himself to rid the State
Board of Valuation and Assessments of
the influence of a political triumvirate,
if the people will elect him Governor,
is made by Representative A. O.
Stanley, in his formal announcement
for the Democratic nomination at the
next August primary. The statement
and announcement is as follows:

"One of the greatest issues which
will confront the Democracy of Kentucky
at the ensuing August primary election
will be the control of the State Board
of Valuation and Assessment and the
tremendous powers inherent in it.

"The Democrat who is to be elected
Governor must turn a face of flint to-
ward every proposal to use this board
for putting screws to any public service
corporation which may refuse to do its
bidding, or for rewarding with any
character of privilege or exemption
such corporations as may agree to be-
come part and parcel of the political
machine. For unless a Governor of
Kentucky can keep clean the Board of
Valuation and Assessment he cannot
give an honest, economical and efficient
administration. He is in chains.

"I shall be a candidate for the Demo-
cratic nomination for Governor of Ken-
tucky, and I do not desire to be Govern-
or unless I can be free

"One of the vital issues which the
Democracy of the state will be called
upon to endorse or repudiate is the
principle of endless rotation in office.
I am convinced that the question of
whether or not a single coterie of of-
ficeholders shall perpetuate themselves
in power by rotating in different offices
will be settled in August as over-
whelmingly as the people adopted that
provision in the present state constitu-
tion, which render every state official
ineligible as his own successor.

"CLAUSE WAS INDORSED."

"That clause in the organic law was
thus heartily indorsed by the people of
Kentucky because they believed it would
end ring rule in the statehouse. But
there is better reason for keeping a
state official in the same office indefi-
nitely in the discharge of duties
with which he has become familiar
than to rotate him through a succes-
sion of positions in which he has had
no previous experience.

"The Democratic party in Kentucky
will no longer tolerate a political War-
wick at the head of a close corporation
of officeholders who have twisted the
old Democratic doctrine of rotation in
office to mean that the same set shall
rotate from one office to another and
back again every four years.

"It is known of all men that Percy
Haly proposes either to nominate him-
self as Governor of Kentucky or some
respectable figurehead of his own selec-
tion whom he can own and control and
that men shall be ineligible to positions
on the all-powerful Board of As-
sessment and Valuations, whose names
do not appear on his exclusive roll of
honor (?). I shall fight with all the
energy I possess and shall exert to the
utmost all the authority vested in me
to prevent the intermeddling by an
officeholding trust or a petty political
hierarchy with these or any other of-
fices in the state, and I shall fight every
concerted attempt to dictate nomina-
tions for national, state, district or
county offices.

"The function of the Governor and
those associated with him is to trans-
act the business of the state in such a
way as to redound to its credit and to
that of his party and the security and
prosperity of the people and not to con-
struct an endless chain of officeholders,
from street sweeper to Chief Magis-
trate, for the purpose of maintaining
perpetually in power a political trium-
virate and a pampered and protected
lobby. I shall fight the Haly-Rhea-
Shackelford triumvirate now in control
as bitterly as I shall fight any other
individual or combination which may
seek to pillage our state.

"I willigly surrender! a seat in
Congress to fight above all else that
most insidious and abominable menace
to the liberties and property rights of
a free people—'invisible government'—
powers nominally vested in benevolent
and respectable figures, actually exer-
cised by covert and cunning emissaries
of every favor-seeking and tax-dodging
interest, fortunate enough to have a
friend at Court.

"If elected Governor of Kentucky I
solemnly and earnestly pledge the peo-
ple of the commonwealth here and now
that I will turn the calcium light upon
the lobbyist and upon all who seek to
secure positions of honor or privilege
by any secret or unholy alliance with
him.

PROMISES TO AID BUSINESS.

"I shall earnestly endeavor, if made
Chief Magistrate of my native state,
to conserve and encourage every legi-
timate business and industry, whether
large or small, to encourage the in-
vestment of capital in and the develop-
ment of our undeveloped resources; to promote
the construction and operation of pub-
lic highways to the end that our people
may find a better and speedier access
to the market, the mill, the school and
the church. As means to this end, I
favor the abolition of prison contract
labor and the employment of the con-
victs on the roads of the state.

"I shall vigorously endeavor to pro-
tect the citizen from every form of
lawlessness or confiscation; to see that
his person and his property are secure
whether that property be invested in
livestock, in lands or in manufacturing
enterprises.

"I stand for the county unit law as
it now exists, and will, if elected, do
all in my power to make it effective.

"Believing that as Governor of the
state, I can render my citizenry mat-
terial service in carrying into effect
the reforms I have mentioned, I re-
spectfully solicit their support as a
candidate for the Democratic nomi-
nation for the office of Governor of
Kentucky in the ensuing August pri-
mary election."

Crop At The

PLANTERS HOUSE

AVERAGES

\$24.35

Jeff Pendleton of Garrard County
sold yesterday at the Planters
House his crop of 2805 pounds
for \$682.92, being an average
of \$24.35 per hundred pounds.
This is the highest crop average
made on any market this year.

There were several crops in this sale which averaged about \$20.00 round,
as follows: Jeff Pendleton of Garrard, 160 lbs. at \$9.75, 410 at \$14.00, 250 at
\$15.00, 330 at \$18.25, 590 at \$25.00, 200 at \$25.00, 60 at \$28.50 295 at \$30.00,
205 at \$41.00, 305 at \$41.00, average \$24.35. Will Lane of Garrard, 90 lbs. at
\$8.00, 265 at \$14.00, 170 at \$14.00, 215 at \$14.50, 165 at \$22.50, 115 at \$30.00, 335
at \$35.00 average \$21.10. Carl Pendleton of Garrard 3805 pounds averaged
\$11.16.

We will finish selling this sale on Wednesday morning and there are
several good crops yet to be sold and we would suggest that as many tobacco
growers, as possible come and see the balance of this sold.

The above mentioned crops were fine tobaccos, but we believe that the
splendid light at the Planters House has something to do with the way tobacco
sells and if you have a fine crop, try us with a load and you will be convinced.
Any way, you know that you get first class treatment when you bring your
tobacco to J. Leslie Knight and James C. Stone, who are managing the
PLANTERS HOUSE. Mr. Joseph Kelly is representing this house in Garrard
County.

Power Again Demonstrated Be-

Hand Stiff for Twenty-three Years, Restored to Use By
Andes' Great Remedies.

Mr. Charles S. Smith, conductor for
the Louisville Light & Power Company,
came to the platform of the Great Andes
Friday night when an offer was made
for a limited number of free demon-
strations to prove to the public what these
medicines will do before the audience, to
which he said he had been stiff from
rheumatism for 23 years, he made re-
peated efforts to bend his fingers, wrist
and hand, showing that he was unable
to use them in any manner whatever.

He was rubbed five minutes with the
"Great Andes" Oil, when the Great Andes
addressed him as follows:

"Hold up your hand! Bend your
wrist backwards and forwards as I do!
Bend your fingers, open and shut your
hand! Bend your fingers backwards
and forwards as I do! Now let me hear
you snap your fingers. Now pick up
that pencil off the floor and you will
have proved to these people that you
have perfect use of your hand again!"

And Mr. Smith did each time as he
was bid, showing that Andes' Oil had
completely restored his hand. The vast
throng burst forth in cheers for the
great medicine that is able to accom-
plish cures for cases that have been
counted incurable.

Mr. E. A. Lindsay, of Bessemer,

states:

"I have been hard of hearing in my
left ear for 30 years and so bad that I
was unable to hear anything out of it
at all. I have used Andes' Great Oil and
Prescription for one week and believe
my hearing to be completely restored.
All head noises have ceased, the drop-

ping of mucus stopped and my head is
as clear as a bell. I am greatly rejoiced
and feel that in making this statement
I do so for the good of all who suffer as
I did, for being deaf greatly hampered
me in my business and was annoying to
say the least, in private life. I went to
church with my wife Sunday and heard
every word of the sermon, something I
have not been able to do for years."

Mrs. J. M. Stiles, of Pratt City, states
"I have been hard of hearing from
catarrh for 16 years; it was gone on my
stomach and bowels. My complaint was
variously named, catarrh of the stomach,
abcesses of stomach and intestinal indi-
gestion. I had bloated fullness after
meals, pains in the chest and side, diz-
ziness and lightness of the head; palpi-
tation of the heart, mucus dripping from
the head annoyed me greatly, causing a
constant clearing of my throat. I had a
dry, hacking cough and very offensive
breath. The linings of my stomach
were in such a condition that my food
did me no good whatever, consequently
I had not the least bit of energy and
simply forced myself to drag around. I
have used three bottles of Andes' Great
Prescription and feel like a different
person. It has cleansed my stomach so
I now digest and assimilate my food
and my whole body has been built up.
I feel so good when I get up I want to
go to singing and want to sing nearly all
the time. I tell you Andes' Great Pre-
scription has worked wonder for me."

These wonderful new preparations are
sold by the McRoberts drug store of
Lancaster.
